

SECTION ENROLLMENT STATISTICS REPORT INFORMATION

<u>COLUMN HEADING</u>	<u>EXPLANATION</u>
COURSE	Course prefix and number
SECT	Section number
GRP	Lead section of the common lecture section group (IND = individual instruction course)
STATUS	Section status (blank if active)
XLST	Cross-listed course (P = primary; S = secondary; blank if not)
OFFERED	Number of seats offered
LIMIT	Number of seats allowed with the limit percent set
ISSUED	Enrollment currently
XL-IS	Total enrollment of the sections in the cross-list
ISS/OFF	Decimal comparing the number of seats offered with current enrollment
ADV	Enrollment at end of advanced registration
MID	Enrollment before freshman orientation begins
STCLAS	Enrollment before first day of classes
ENDSCH	Enrollment at end of Schedule Adjustment Period
FROZEN	The date enrollment was frozen for statistical purposes
FRZ/OFF	Decimal comparing the number of seats offered with frozen enrollment
10 WEEK	Enrollment at the end of the 10-Week Drop Period
GRADE	Enrollment when grade sheets were issued
GRD/OFF	Decimal comparing the number of seats offered with enrollment when grade sheets were issued

For individual instruction courses, the course total for seats offered and percentages are according to the following formula

$$\text{seats offered} = \text{seats issued}; \text{ except } \text{seats issued} = 0; \text{ then } \text{seats offered} = 1$$

The seats offered and seat limit figures for canceled and individual instruction courses are not included in the department totals
